SITUATION SUMMARY

Drive-By Shooting, Santa Barbara County

Per the Cal OES Law and Southern Region Duty Officers: Authorities report that a drive-by gunman shot and wounded 7 individuals and killed 6 others in gun battles which began in the beachside community of Isla Vista on 05/23/14 around 9:30 PM and ultimately involved police. There were 9 separate shooting locations/crime scenes. The Santa Barbara County Sheriff (SBSO) reports that the gunman crashed his car into a parked car and was found dead of a gunshot wound. Victims of the gunman were being treated for gunshot wounds and traumatic injuries, and at least one person underwent surgery for life threatening injuries.

- Santa Barbara County Mental Health Department was activated last night to provide any services to those individuals impacted by the shootings
- Santa Barbara County Sheriff's Office will hold a press conference this afternoon, 05/24/14 at 1600 hours
- Santa Barbara County has not activated their EOC
- Cal OES Law Enforcement is coordinating Coroner's Mutual Aid for the Santa Barbara County Coroner
- OES Law Enforcement and Southern Region are actively engaged with Santa Barbara County to ensure that any necessary State assistance is provided
- Cal OES Duty Officers continue to monitor the incident

SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought
- In honor of the Memorial Day holiday, the State Operations Center (SOC) will transition to Level 1 status on Monday, May 26, 2014. The OES Region conference calls normally conducted on Mondays are rescheduled to Tuesday, May 27, 2014.
- Current Drought Monitor [Here](#)

National Interagency Fire Center - National Preparedness Level

Preparedness Level 2

Description: Several Geographic Areas are experiencing high to extreme fire danger. Wildland fire activity is increasing, and large fires are occurring in one (1) or more Geographic Areas. Minimal mobilization of resources from other Geographic Areas is occurring. There is moderate commitment of National Resources with the potential to mobilize additional resources from other Geographic Areas.

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Expect a warm and dry weather pattern this weekend as high pressure moves over the North Coast.

San Francisco Weather:

Warmer temperatures inland this weekend as high pressure builds. Night and morning low clouds will continue to be present at the coast. Temperatures cool to near normal early next week.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Warming temperatures are forecast this weekend with high pressure building over Northern California then cooler temperatures next week. A few late day showers and thunderstorms will be possible over the northern Sierra today.

Hanford Weather:

There will be just a slight chance for showers over the Sierra for the next couple of days as a low pressure system pulls slowly away. Otherwise dry and warming over Central California through the Memorial Day weekend as a high pressure ridge builds in.

WEATHER SYNOPSIS BY REGION: (Cont.)

SOUTHERN CALIFORNIA:

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A warming trend will occur through the holiday weekend as high pressure builds in from the west and a trough of low pressure exits to the east. Closer to the coast, onshore flow and a persistent marine layer will keep the warming trend moderated. A trough of low pressure digging south for the latter half of next week should increase onshore flow, deepen the marine layer, and bring a cooling trend into late next week.

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

Isolated shower or thunderstorm is possible this afternoon and early evening, mainly near the San Bernardino Mountains. Otherwise, high pressure aloft over the Eastern Pacific will expand into California through Tuesday bringing inland warming and a gradually shallower marine layer. A developing trough of low pressure near the west coast will bring a cooling trend for the latter half of next week with a gradually deepening marine layer. Onshore flow will keep coastal areas cooler with gusty west winds in the mountains and deserts each late afternoon through late evening.

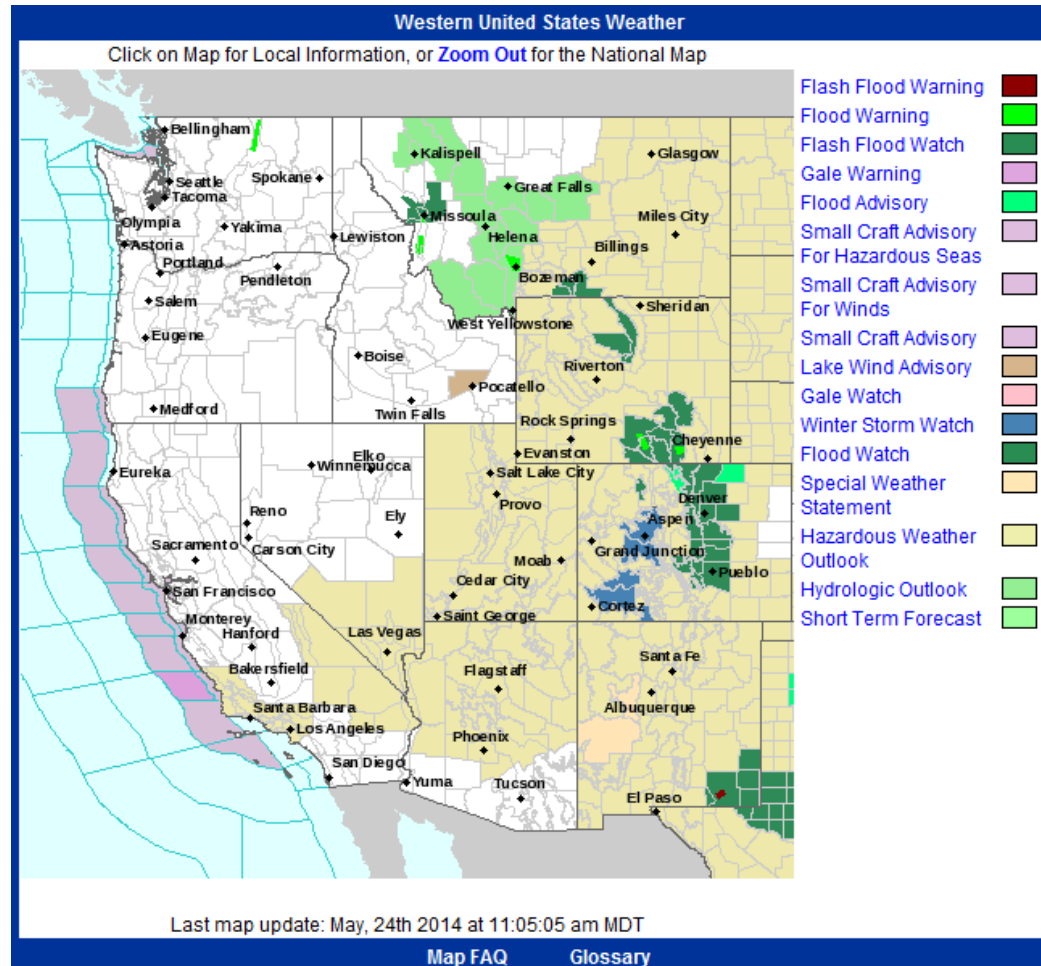

Southeast California Weather:

Chances for showers and thunderstorms will gradually shift east as well. Temperatures will warm a few degrees each day reaching well above normal from Memorial Day through Wednesday.

Victims of the gunman were being treated for gunshot wounds and traumatic injuries, and at least one person underwent surgery for life threatening injuries. Cal OES Law Enforcement and Southern Region are actively engaged with Santa Barbara County to ensure that any necessary State assistance is provided. Cal OES Duty Officers continue to monitor the incident.

SIGNIFICANT EVENTS / ACTIVITY

Southern California

Drive-By Shooting, Santa Barbara County 5/23/14

Situation Overview: (Cont.)

Cal OES Law Enforcement Branch also reports that:

- The State Department of Justice (DOJ) is assisting San Barbara County Sheriff in the investigation
- Cal OES Law Enforcement is coordinating Coroner's Mutual Aid for the Santa Barbara County Coroner

Cal OES Southern Region is working with Santa Barbara County OEM to assess any need for victim's services and reports that:

- Santa Barbara County Mental Health Department was activated last night to provide any services to those individuals impacted by the shootings
- Their investigation includes determining if any students of UC Santa Barbara were involved
- Santa Barbara County Sheriff's Office will hold a press conference this afternoon, 05/24/14 at 1600 hours
- Santa Barbara County has not activated their EOC
- Non-LE needs are being met at this time, but the Southern Region will stay actively engaged with the County

Cal EOC Incident – 2014 Drought

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

On April 25, 2014 Governor Brown released an Executive Order on Friday enabling several urgent actions to be taken as the drought persists into the state's traditional dry season.

**** As this rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly over the coming months. This winter's below average rain and snowfall worsens conditions in this third straight dry year.****

Situational Summary (Cont.)

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The final manual snowpack survey of the season was conducted on Thursday (May 1) and showed California snowpack at 18% of normal. The most recent electronic readings record snowpack water content at only 6% of normal for the date.
- DWR has announced that water essential for health and safety will be delivered through the state water project. The current State Water Project Allocation is 5%.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-LAW-3667** California Highway Patrol (CHP) in Yolo County requesting Sacramento County Sheriff's DART for a submerged vehicle in the Sacramento River near Road 108 and Knights Landing. CHP suspects the sedan has been submerged for several days and does not believe anyone is in the car but due to the river's poor visibility it can not be confirmed. California Governor's Office of Emergency Services(Cal OES) LDO coordinated with Sacramento County Sheriff's Department for a DART mission to assist in recovering the submerged car, which is planned for this Saturday, 5/24/2014 at 0800 hours.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
